

Aging Workforce Dynamics – *Making the Most of Today’s Opportunities*

Financial Security | Pension & Benefits | Older Workers*

With a rapidly graying society, businesses and policy makers are grappling with managing and sustaining a new, multi-generational workforce. How do we capitalize on the skills and knowledge offered by mature workers and sustain economic growth and future workforce development?

Join us for a discussion of the demographic implications, emerging practices and tools being used by large and small businesses in the workplace. Take away tools at the end of the day to help manage opportunities in the new workforce.
